Use the Build, Write, Say method to solve each problem.

1. Nathan is 12, and Mike is 6. What is the difference between their ages?

2. Genevieve estimated that it would take 10 hours to paint her room. How many hours of work should she have left after she paints for 5 hours?

3. Don decided to ride his bike 14 miles. When he had gone 7 miles, he stopped to rest. How many more miles did he have to ride?

4. Grace has six sisters and three brothers. How many more sisters than brothers does Grace have?

5. Isabella has eight t-shirts. Four t-shirts are blue. How many of her t-shirts are not blue?
